	Mi., 22.02.		Do., 23.02.		Fr., 24.02.		Sa., 25.02.	
08:30			Plenary: Keynote *Room 2.011*		Plenary: Keynote *Room 2.011*		Plenary: Keynote Room *2.011*	
08:45			Dr. Meine van Noordwijk: Trees and watershed services		Prof. Dr. Matthias Wolff: Challenges for the conservation		Dr. Ivette Perfecto: Agricultural production and ecosystem	
09:00			in tropical landscapes in transition		of the Galapagos Islands		services in fragmented landscapes: a theoretical framework	
							and accumulated evidence	
09:15			Fragmentation genetics	The roles of agroforestry	Tropical animal ecology,	Effects of fragmentation on	Free topics,	Human dimensions of
09:30			in the Tropics, *Room 2.011*	in managing fragmented	*Room 2.011*	ecosystem functioning and	*Room 2.011*	tropical deforestation,
09:45				multifunctional land-		services of biodiversity		forest fragmentation
10:00				scape, *Room 2.016*		hotspot islands in tropical		and forest management,
10:15						high mountains, *Room 2.016*		*Room 2.016*
10:30			Coffee break		Coffee break		Coffee break	
10:45	**Registration**		*Foyer*		*Foyer*		*Foyer*	
11:00	**Kollegienhaus**		Fragmentation genetics	The roles of agroforestry	Plant-animal interactions	Effects of fragmentation on	Free topics,	Human dimensions of
11:15	***Room 0.015***		in the Tropics, *Room 2.011*	in managing fragmented	in disturbed and fragmented	ecosystem functioning and	*Room 2.011*	tropical deforestation,
11:30				multifunctional land-	landscapes, *Room 2.011*	services of biodiversity		forest fragmentation
11:45				scape, Room *2.016*		hotspot islands in tropical		and forest management,
12:00						high mountains, Room *2.016*		*Room 2.016*
12:15							**Closing Ceremony & Merian awards**	
12:30	**Opening Ceremony**		Lunchbreak				***Room 2.011***	
12:45	***Room 2.011***		12:15 Press conference		Lunchbreak			
13:00			*Room 1.011*					
13:15								
13:30								
13:45	Plenary: Keynote, *Room 2.011*		Plenary: Keynote *Room 2.011*		Plenary: Keynote *Room 2.011*			
14:00	Prof. Dr. Olivier Hardy: Phylogeographic patterns and		Prof. Beth Kaplin: The importance of buffer zones in		Dr. Ingrid Parmentier: Organization of plant diversity in tropical			
14:15	gene flow in Central African rain forest plants		mediating edge effects on ecological processes in forest		Africa: spatial patterns and causality			
			islands surrounded by a sea of agriculture					
14:30	Trophic simplifications and	Biogeographic patterns	Fragmentation, movements	Tropical dendroecology,	Importance of micro-	Effects of fragmentation on		
14:45	functional downgrading	of tropical mountain	and diseases Room, *2.011*	*Room 2.016*	habitats for tropical	ecosystem functioning and		
15:00	of fragmented/human	ecosystems, *Room 2.016*			biodiversity and functional	services of biodiversity		
15:15	modified tropical forests,				ecology, *Room 2.011*	hotspot islands in tropical		
15:30	*Room 2.011*					high mountains, *Room 2.016*		
15:45	Coffee break		Coffee break		Coffee break			
16:00	*Foyer*		*Foyer*		*Foyer*			
16:15	Plenary: Keynote *Room 2.011*		Deforestation consequences in	Tropical dendroecology,				
16:30	Dr. Marife D. Corre: Impact of elevated N input on net		Amazonia, *Room 2.011*	*Room 2.016*				
16:45	primary production and soil trace gas fluxes in tropical forests							
17:00	Trophic simplifications and	Biogeographic patterns						
17:15	functional downgrading	of tropical mountain						
17:30	of fragmented/human modified	ecosystems, *Room 2.016*	GTÖ 35th Assembly,		Scientific poster session			
17:45	tropical forests, *Room 2.011*		for GTÖ members only		*Room 0.014*			
18:00			*Room 1.011*					
18:15								
18:30								
18:45								
19:00	Ice Breaker		Public talk (in German) *Room 2.011*					
19:15	*Schloss*		Christian Ziegler: Von Fledermäusen, Wickelbären und		Conference Dinner			
19:30			verführenden Orchideen - eine Reise durch die Regenwälder der		*Hotel Bayerischer Hof*			
19:45			Welt					
20:00								

FOR 816 Member assembly
Room 1.011

Timetable
GTOE conference 2012
Erlangen - Germany
